48 LS LANDS SPOT ON BOATING INDUSTRY TOP PRODUCTS LIST

HOLLAND, Mich. - May 19, 2021 - The recently launched [Tiara Yachts 48 LS](#) was recognized by *Boating Industry* as one of the [50 Top Products of 2021](#). The Top Products program annually selects the marine industry's most innovated products and services to recently hit the market based on their impact on the industry, innovations and how they advance the product category, or in some cases, create a new segment of its own.

The 48 LS, the largest outboard-powered vessel Tiara Yachts has ever built, expands upon the legacy of the Luxury Sport series, combining the outdoor amenities of a day boat with the on-board accommodations of a weekend cruiser.

Exclusively built and engineered for the Mercury Verado[®] V12 600hp engines, another 2021 Top Product award winner and highest-horsepower outboards in production today, the 48 LS can reach a top speed of 60 MPH. The triple V12s are combined with the Tiara Yachts integrated electronics package, including Garmin Marine navigation, for unprecedented control and performance.

Social zones, a key area of focus in every LS model, allow for guests to choose their preferred relaxation zone. Forward, the bow features wrap around seating and chaise lounge. Aft, the innovative rotating lounge boasts multiple locking positions and electrically adjustable backrests. Deploy the terrace and expand the cockpit in addition to improving access to the water. At the helm, sliding doors provide a welcome retreat from the elements.

Below deck you'll find overnight accommodations for four adults, as well as a private head with separate shower. Ultraleather and teak blended with a mix of stainless steel, detailed accent stitching and solid surfaces elevate and amplify the elegance of every amenity on board.

Tiara Yachts, headquartered in Holland, Michigan, is one of the oldest privately held boat manufacturers in the United States. The Tiara Yachts model line includes inboard vessels from 39 to 53 feet, in the Open, Flybridge and Coupe Series lines. Outboard powered Tiara Yachts models range from 34 to 48 feet in three distinct Series: Luxury Sport (LS), Luxury Crossover (LX) and Luxury Express (LE).
